Take information from the book’s title page and copyright page (on the reverse side of the title page), not from the cover or a library catalog. A citation for the book on the opposite page would include these elements:

1. **Author.**
   - List the last name first. End with a period. For multiple authors, see model 2.

2. **Title.**
   - Italicize the title and any subtitle; capitalize all major words. End with a period.

3. **City of Publication.**
   - If more than one city is given, use the first one listed. Follow it with a colon.

4. **Publisher.**
   - Give a shortened version of the publisher’s name. Follow it with a comma.

5. **Year of Publication.**
   - If more than one copyright date is given, use the most recent one. End with a period.

6. **Medium of Publication.**
   - Give the medium (Print) followed by a period.
